

Solid Rubbermats „XXL“ & „L“

„XXL-Puzzle“

„L-Puzzle“

	„XXL-Puzzle“	„L-Puzzle“
Dimensions	120 x 90 cm	150 x 90 cm
Thickness	17 mm	10 mm
Weight	20 kg	21 kg
Material	New rubber	
Standard Colour	black	
Surface-Design	Raindrop pattern	
Underbody	8mm lengthwise profile	Flat
Special	Puzzle connectors all around the mat, edge profiles available (tapered edges 17/10 to 1 mm, 85/45 mm wide)	

Non-permeable The mats are non-permeable. Still, a slight amount of fluids can flow through the gaps between the mats resulting in possible visible moisture under the mats.

Places of use: Interior: stall, stall aisles, wash rack

Installation/Assembling: Mats are laid loose or screwed to the ground. Use whole mats first, measure up to walls and cut mats using a fret saw or hand held utility knife. The mats can not be glued to the ground.

Tolerances and note about material: *Tolerances in thickness: +/- 1mm, *Tolerances in measurement: +/- 2 %
Rubber-Tiles will expand and shrink with changes in temperature and humidity.

We reserve the right to improve the products. July 2007
